**MULTIDIMENSION TECHNOLOGY ORDERS ITS SECOND WLA-3000 WAFER TESTER
FROM INTEGRAL SOLUTIONS INTERNATIONAL**

SANTA CLARA, CA – March 19, 2021: Integral Solutions International, ISI, the world's leading manufacturer of Quasi-Static testers for the data storage industry, announced today that MultiDimension Technology has ordered its second WLA-3000 Wafer-Level Tester from ISI.

MultiDimension Technology (MDT) is a leading supplier of **magnetic sensors** specializing in TMR - Tunneling Magnetoresistance technology. The company offers high-quality TMR magnetic sensors and system solutions for industrial and consumer sensor applications. With operations ramping up, MDT has ordered its second WLA-3000 Wafer Level Tester from ISI. This second unit is for installation in Jiangsu, China, following the successful installation and operation of their first ISI WLA-3000 Wafer-Level Tester in San Jose in 2011.

ISI's WLA-3000 Wafer Level Tester is the industry leader for all magnetic testing applications at Wafer Level, with configurations ideally suited for the Magnetic Sensor, MRAM, and HDD industries. Spanning all product lines and test platforms, over the past 25 years ISI has shipped over 1000 Magnetic Device Testers worldwide.

About ISI

Integral Solutions International (ISI) is a privately held California based US Corporation, established in September 1995. ISI provides worldwide customer support from the United States, Japan, Korea, Singapore, Malaysia, Thailand, China, and Hong-Kong.
